## ***Perspective* On-line Magazine Launches Winter 2011 Issue**

***Perspective Magazine*** – the region’s newest and most well read on-line home and lifestyle publication – is pleased to announce their winter issue is now available at <http://tinyurl.com/www-perspectivenemag-com>.

This most current issue of ***Perspective*** highlights urban living, while exploring the age-old debate: is it better to live in the ‘burbs or the city? Contributing writers investigate the beauty and harmony of interior design in the midst of a bustling hub of diversity and culture. Some highlights of this issue include Bruce Irving’s profile piece on the fascinating design duo of Ray and Charles Eames and Julieane Frost’s interview with three of Boston’s top urban interior designers – Dennis Duffy, Fontene Demoulas and Dee Elms - who share tips on how to incorporate the skyline into your design plan to get the most from a city space.

Launched in the fall of 2009 to rave reviews, ***Perspective***, published by Broadview Marketing, is the fastest growing on-line shelter and lifestyle magazine that covers New England. The focus of this unique publication is trends in New England architecture and interior residential design, home products, and design applications. ***Perspective*** combines the printed word with interactive links and informative videos, among other forms of media, to fully engage readers, including an interactive resource guide which offers readers quick access to remodeling and home improvement experts.
